PROFILE

Born on August 18, 2002, completed Bachelor's degree in Computer Science at the University of Prizren. Currently pursuing Master's studies while building a career in technology.

PROJECT

Real Time ChatApp

- Developed Real Time Chat Application enabling instant messaging, media sharing, and secure authentication. Implemented **Express.js** and **MongoDB** for efficient data management backend API handling and **Socket.io** for live two-way communication between users. Utilized **JWT** for user authentication and session security, and integrated **Cloudinary** for efficient image upload and storage. Designed a responsive modern **React** frontend styled with **Tailwind CSS**, with **Axios** managing API requests for seamless client-server communication.

COMMUNICATION

Strong verbal and written communication skills developed through academic experience.

Confident in presenting and explaining technical concepts to others.

English: Fluent (C1)

German: Basic

Albanian: Native
